## MAIL DELIVERY changes delayed

Tenants of the ABCDE KL MNOP -buildings have been informed that the mail deliveries will change from post boxes to door slots. Despite the earlier information, the changes have not actualized yet.

The post office will start using the door slots once necessary repair work and changes have been finished. There is no estimated time for when the changes will occur. We apologize for any confusion caused by the changes in mail deliveries.

If you're not getting any mail through your door slot, please check the contents of your mailbox!

## RENT INCREASE beginning from 1.3

The Student Union (JYY) board of representatives has confirmed the Student Village budget for the year 2012. **On 1.3.2012 rents will be increased by 17 cents / m<sup>2</sup> / month.** The increase is due to maintenance costs. New rent slips will be mailed to all tenants.

## PARKING PERMIT for the year 2012

At all of the parking spaces of the Taitoniekantie parking lot, as well as the parking spaces behind Rentukka and in front of the maintenance building G, a parking permit is needed. The permits are renewed annually. **You can collect a parking permit for the year 2012 from the Accommodation office.**

## STUDENT VILLAGE FURNITURE to storages

When moving away from the Student Village you must clear your room/flat of any furniture. Borrowed furniture must be taken into the storages downstairs at P and D-buildings. If furniture has been left behind and the Village must take care of moving it, the tenant who has moved away will be charged.

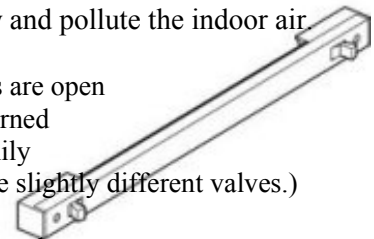

Furniture can stay in the apartment only by a permission granted by the Accommodation office. Furnitured rooms of exchange students (furniture fee in connection with rent) needn't be emptied of any furniture.

## VENTILATION TIPS

The apartments are ventilated automatically by the ventilation valves – there are one or two of them on the upper edge of every window. Remember to clean the valves by wiping them down from time to time. If they are allowed to accumulate dirt, they might get stinky and pollute the indoor air.

The ventilation valves are open when the knobs are turned outwards. (Some family apartments might have slightly different valves.)

If you feel a strong draught near the window check that:

- the filter of the ventilation valve is clean and intact.
- the ventilation window is closed properly.
- all the LOCKS of the windows are CLOSED.
- the window seals are undamaged.

If you need to open the windows, you can borrow the key handle from the Secretary of the Student Village (office at the ground floor of building C). If the locks of the windows or the latch of the ventilation window are broken, contact the maintenance men.
